**To: Life Jacket Industry Stakeholders**

Re: SAVE THE DATE - Invitation to Stakeholder Meeting on Implementation of UL 12402

Dear Stakeholder,

The Life Jacket Association is pleased to host, and to provide you with this invitation to participate in an Industry Stakeholder Meeting on the Implementation of the Standard ANSI/CAN/UL 12402-5:2015 - Personal Flotation Devices - Part 5: Buoyancy Aids (Level 50 & Level 70) - Safety Requirements, and ANSI/CAN/UL 12402-9:2015 - Personal Flotation Devices - Part 9: Test Methods.

In consultation with the US Coast Guard Lifesaving & Fire Safety Division, and Transport Canada Marine Safety & Security, this meeting will provide a status update on the implementation pathway communicated in May 2016, and provide a forum for creating alignment and collaboration towards completing the steps outlined by the Government regulatory authorities for full implementation in both countries.

The meeting will be held via Webex and teleconference. Agenda and presentation materials (if applicable) will be circulated prior to the meeting (if the presentation materials are approved for release). The meeting details are as follows:

Date: January 24, 2018

Time: 2pm to 5pm EDT

Webex: Connection and dial in instructions will be provided to confirmed registrants

To register, please use the following link: <https://www.eventbrite.com/e/stakeholder-meeting-on-implementation-of-ul-12402-tickets-41526704491>

Password: LJA

When registering, please provide your preferred email address since that will be used to send you the Webex connection instructions prior to the meeting. If you have any questions, or are seeking additional information prior to the meeting, please feel free to contact the undersigned at [jleggatt@mustangsurvival.com](mailto:jleggatt@mustangsurvival.com), or by phone at 604-244-6789.

Regards,

Jason Leggatt  
Chair, Government Affairs Committee  
Lifejacket Association
